

Art.-No.: 6.0515.1000  
6.0515.5000

**0515**

## 2K-Fade- out- Thinner

### Characteristics

4CR 0515 2-component solvent, special solvent mixture creates a smooth overlapping for 2-component additives.

- easy to use
- very good dissolving power
- seamless overlapping zones for additional paintwork
- ideally suited for spot repairs
- homogeneous spray pattern

### Tech Tip

4CR 0515 2K Fade out Thinner can be used for blending:

- 2K acrylic car paint
- 2K clear coats
- BC 2-layer basecoats

### Application

From +10 ° C and up to 80% relative humidity. sufficient supply and exhaust air.

After the painting process, the feather-off zones (spray mist areas) must be painted over immediately with 0515 2 Blending solvent well.

Here the 0515 2K-Blending thinner should only be applied in thin and even layers until the overspray areas are smooth from overspray.

Do not apply too thickly, otherwise you will have runs or uneven surfaces.

Do not use on thermoplastic paints.

### Technical Data

Density bei 20°C                      0,935 g/cm<sup>3</sup>

### Storage and Transportation

Can be stored for at least 3 years in the closed original container.
