1152

Plastic Roll

Characteristics

Masking Plastic with integrated masking tape for quick and handy masking. Holds all overspray. Ideal for covering large areas such as vehicle and vehicle parts as well as walls and facades. Plastic Roll 1152 is electrostatically charged, and therefore self-adhesive.

Tech Tip

To avoid staining cover only dry vehicle parts

- for fast and efficient covering work
- Apply foil and adhesive tape in one operation
- Self-adhesive film with good paint adhesion

Sizes

1152.0055 55 cm x 33 m

1152.0110 110 cm x 33 m

1152.0140 140 cm x 33 m

Dispenser 1152.0001 for 55cm roll

Dispenser 1152.0002 for 110 cm and 140 cm roll

Technical Data

Length	33 m
Widths	55, 110 and 140 cm
Dispenser 6.1152.0001	for the 55 cm roll
Dispenser 6.1152.0002	for the 110 and 140 cm roll

Storage and Transportation

12 months storage time / storage temperature: + 20 ° C / ± 10 ° C

Relative humidity: 30 - 90%

Storage: indoors, avoid exposure to UV radiation
