3355

Orange Cut, 2 X 7inch, 8-Hole

Characteristics

High-Performance abrasive on foil for the Professional body shop. Extraordinary long life. With an Excellent Finish.

Orange Cut is innovative and a multi-purpose product composed with ceramic grains.

- Ensures fast and equal long cutting
- Perfect result.
- P 40-240 Ceramic,
- P 280-400 Ceramic mix

The stearate layer reduces the clogging and improves the lifespan of the product.

Tech Tip

Use until the colour changes completely.

Sizes

- 3355.0040 (P40)
- 3355.0060 (P60)
- 3355.0080 (P80)
- 3355.0120 (P120)
- 3355.0150 (P150)
- 3355.0180 (P180)
- 3355.0220 (P220)
- 3355.0240 (P240)
- 3355.0280 (P280)
- 3355.0320 (P320)
- 3355.0360 (P360)
- 3355.0400 (P400)

Technical Data

BACKING	POLYESTER FILM
GRAIN	CERAMIC
Backing	Film / Velcro disc
BONDING	DOUBLE RESIN
COATING	Open
STEARATE	Yes
GRIT	P40 - P400
Colour	Orange
Holes	10

Storage and Transportation

Storage temperature: + 20°C / ± 10°C
