

Art.-No.: 6.6440.0100

6440

Hand Cleaner Towels

Characteristics

Pre-moistened cleaning towels in a portable and convenient dispensing bucket.
Quickly removes paint, polyurethane, adhesives, lubricant, wax, etc.

- Non aggressive smell
- Soft effect

Tech Tip

always keep the container closed.

Application

Two different sides of the towel, the rough side for tough marks on the skin, the more smooth side is for normal cleaning.

Composition

Soap solution:

Aqua-Isopropyl alcohol Sodium laureth sulfaat-Polysorbaat 20-DMDM Hydantoin-Iodopropynyl Butylcarbamaat-Parfum-Limonene-Linalool

Tissue:

Polypropylene-Polyethylene

Technical Data

Production Method	Non-woven drenched in a soap solution
Colour	white/blue - liquid white
Scent	orange
PH-value	7.5 ± 0,5
Weight	± 40 g/m ² (EDANA 40.3-90)
Tensile strength	50 N/5cm (MD), 13 N/5cm (CD) EDANA 20.2-89)
Elongation	40% (MD), 50% (CD) (EDANA 20.2-89)
Water absorption	450% (DIN 53923)
Boiling-point	100°C / 212°F
Vapour Density	> 1
Content	100 cloths à 23 x 27 cm
