7450

Cockpit Spray

Characteristics

High quality spray for cleaning, protecting and improving dashboards and other plastic parts in vehicles.

Tech Tip

- Pleasant fragrance
- Excellent cleaning efficiency
- Long-lasting silk gloss
- Dirt-repellent
- Silicone free
- Antistatic

Application

Before use, carefully read the directions on the packaging and act accordingly.

The aerosol should have room temperature. Best processing temperature 15 to 25°C. Before use, shake the aerosol.

Apply the cockpit spray on a dry, clean cloth and distribute evenly over the surface to be treated. Then, polish with a dry cloth until a gloss has been achieved.

In view of decreased grip, avoid contact with the steering wheel and the control pedals.

Technical Data

Net volume	400 ml
VOC-content	Approximately 94% w/w

Storage and Transportation

Storage: Keep dry and frost-protected.
At least 2 years when stored in a tightly closed original container.
